Promotional Announcement  
"Natalie" # A-3554

*For broadcast the week of February 24 through March 02, 2019  
This announcement is for use the 6 days preceding the broadcast date.*

**ANNCR:** Natalie spent the first part of her life trapped in cycles of anxiety, depression and addiction to food. She could not recognize the great intellect, joy and generosity that she had to offer the world. Of all things, it would take a little dog, and a master dog trainer to show her who she really was. Don't miss her thrilling true story, another dramatization coming soon on UNSHACKLED!
